The goal of GAMMA Salt Crystals LLC (GSC) is to provide quality product and customer service right here in the USA. We understand the frustration that is associated with ordering salt lamps from across the ocean and not knowing who is on the other end.

Relax!! you have found us. We at GSC like you to try our products for your business from our warehouse right here in NJ at a cost similar to purchasing a container from Pakistan. WITHOUT ordering a full container

And when you are ready and satisfied with our product and service then you can order a container direct from our factory in Pakistan

GSC has been in business since 1998, we are one of the first to introduce HIMALAYAN Salt products in the USA.

We believe in superior quality product which are produced ethically

Our labor force is (strictly adults only). We never, never hire under age employees.

We believe Children should be in schools and not in factories

Our manufacturer facility is ISO 900 approved.

Give us a try; you will be happy that you did.
